ANALYSIS

Based on the preponderance of the evidence, it is recommended this case be closed **UNFOUNDED, without charges**. On December 19, 2021, Inmate Thompson made an allegation of sexual harassment to 311 constituent services against Captain Palmer #267. In sum and substance, Inmate Thompson stated that Captain Palmer asked to see his penis size and if he did not show it to her or have sex with her, he would not be able to get services.

In the inmate interview, Inmate Thompson stated that Captain Palmer denied him yard time, religious services, and clinic appointments due to him not showing her his penis or having sex with her. Inmate Thompson stated that at approximately 0200 hours on December 18th, 2021, Captain Palmer attempted to “grab his crotch” when she approached him to take him back to his housing area from the clinic. Inmate Thompson stated this was not the first time she tried to grab him.

Inmate Thompson alleged that he had contracted an STD from another unknown staff member in March of 2021. However, due to Inmate Thompson’s refusal to sign HIPAA, this investigation was unable to review his medical records.

Genetec surveillance showed Inmate Thompson and Captain Palmer in the clinic at approximately 0120 hours. Captain Palmer started to escort Inmate Thompson out of the clinic at approximately 0121 hours. Camera angles showed Captain Palmer and Inmate Thompson walking side by side and both appeared to engage in conversation. Captain Palmer and Inmate Thompson walked out of the clinic and into the corridor. At the end of the corridor, Inmate Thompson and Captain Palmer exited out of camera view. At no point in the surveillance did Captain Palmer touched Inmate Thompson or attempted to grab his crotch.

This investigator attempted to obtain a staff statement from Captain Palmer. However, Captain Palmer was out on sick leave with no return date. Therefore, a staff statement could not be obtained.

Due to Genetec surveillance showing that Captain Palmer did not touch or attempt to grab Inmate Thompson’s crotch when she approached him to take him back to the housing area, it is recommended this case be closed **UNFOUNDED, without charges.**

Inmate Statement

On Sunday, 12/19/2021, Captain Richards dispatched Investigators Rolon #864 and Kriley #843 to interview Inmate Thompson. Upon arrival GRVC was in alarm status therefore investigators proceeded to housing area 2A. At 1745 hours Inmate Thompson agreed to provide a verbal statement, in sum and substance stated that while housed in VCBC around March 2021 he contracted an STD from an unknown officer he had sexual intercourse with. Inmate did not know the name of the officer only stating it was a female and that she was going around telling other officers that "he has a big dick, knows how to fuck and has a big package". Added that since being moved to GRVC he feels he is being targeted by other officers due to his previous "sexual encounter with that female officer". In specific Inmate Thompson alleges how there is a "Captain Palmer Campbell" who is denying him services such as no yard time, no religious services and no clinic appointments just because he would not "let her see it". Mentions how two (2) days ago, 12/17/21, he had a nose bleed around 945PM and advised the B post officer who then notified the A post. Inmate stated that a Captain was supposed to come escort him to the clinic, however, no one came so he set a fire in his cell. He was then escorted by this Captain Palmer-Campbell to the clinic where he was then advised by the doctor to see mental health for an apparent suicide attempt. He states that the Captain then wrote in the logbook that he refused and was escorted back to his housing area without him actually refusing. He then noted that while in that same clinic the Captain approached him to take him back at which point "she tried to grab his crotch but he pulled away", Thompson stated this occurred around 2AM and this was not the first time she tried to grab him. Further added that he has yet to see mental health in regard to that incident for setting the fire in his cell. Inmate Thompson did make note that he has previously spoken to ID PREA in regard to allegations he made about being targeted adding that he spoke with investigators about 3 to 4 weeks ago about it. Interview concluded at 1816 hours.

He was then escorted by this Captain Palmer-Campbell to the clinic where he was then advised by the doctor to see mental health for an apparent suicide attempt. He states that the Captain then wrote in the logbook that he refused and was escorted back to his housing area without him actually refusing. He then noted that while in that same clinic the Captain approached him to take him back at which point "she tried to grab his crotch but he pulled away", Thompson stated this occurred around 2AM and this was not the first time she tried to grab him. Further added that he has yet to see mental health in regard to that incident for setting the fire in his cell. Inmate Thompson did make note that he has previously spoken to ID PREA in regard to allegations he made about being targeted adding that he spoke with investigators about 3 to 4 weeks ago about it. Interview concluded at 1816 hours.
